

# Navigating the Clearco Account

Welcome to Clearco! Here is a short guide to your Clearco Capital Dashboard.

In this graphic, you will see details about your current advance:

- **Fee** is the percentage of your total advance you will be charged, this will always be 12.5% for any advances issued after September 4, 2020
- **Repayment Rate** is the percentage of your daily revenue that will be debited by Clearco to repay the advance and fee
- **Previous Balance** is the amount unpaid from past advances, if they were not fully repaid prior to receiving a top-up. Please note that this will only include any unpaid balances, not the full total of any previous advances.
- **Activated** is the date the current advance was issued
- **Cashback**, represented in blue, is the amount earned toward your advance for using the advance for marketing spend (link to understanding pricing [here](#))
- **Expected Settle** is the date that your advance will be paid off if your repayments remain the exact same until then.
- **Amount Paid** is the amount you have repaid so far, also represented by the green bar for settled payments, and the yellow bar for any pending or in transit payments
- **Remaining Balance** is the amount left on your advance to pay back

- **View Payment Details** allows you to view and export a detailed list of all the payments made toward your advance
- **Clearbanc Card Balance** represents the amount you have spent of your Clearco balance and your remaining available spend
- **Total Spent** is the total amount of your Clearco balance that you have spent, click “view charges” for a detailed breakdown of spending, also represented in green
- **Available Balance** is the amount of your Clearco advance you have left to spend
- **Total Limit** is the total of your Clearco advance
- **Pay an Invoice** takes you to the Vendors page, where you can add a vendor and submit an invoice to pay your vendors

If you have other ClearPlatform products, such as Inventory, you will see an additional version of the above graphic for those.
