What is it?

ClearCash is the feature-rich one-up in business banking that empowers founders to scale their business in one powerful account. ClearCash is a treasury account for the global founder, that enables them to send money globally with best-in-class foreign exchange rates with no sign up fees or minimums.

Who is it for?

ClearCash was created to unlock maximum savings on bank fees and foreign exchange rates and to enable founders to spend less on fees and more time growing their business. The account is for any founder looking for easy payments, fast, unlimited transfers, and bank-beating FX rates. There are no minimum revenue requirements, and the business must be incorporated in a qualifying geography.

How do I use the account?

We've partnered with another global fintech unicorn called AirWallex to offer this amazing account specifically for Clearco founders. ClearCash allows you to open global accounts in 5 countries and 11 currencies, and send money to 130+ countries. With ClearCash you can seamlessly transfer funds in multiple

currencies to known or one-off recipients. Issue cards in local currencies for your employees to use for business spending and streamline your businesses treasury.

What's the Cost?

No sign-up fees, no minimums, and no monthly account fees. Regular FX fees apply when using your funds. Since ClearCash is a global account, you are assured to have the lowest rates on transfers and deposits worldwide. Click here for the most current [fee schedule](#).
